

ASSOCIATED BANK HSA INVESTMENT OPTION

Health Savings Accounts are a powerful tool to fund medical expenses in retirement.

Healthcare costs continue to be one of the largest expenses a retiree may face. Health Savings Accounts (HSAs) can help you pay for current and future medical costs and save for retirement at the same time. Associated Bank’s HSA offers a fully integrated investment option that may allow your HSA dollars to grow at a faster rate.

Choosing to Invest

Once your HSA cash account reaches \$1,000, you can put any amount over that threshold into your choice of our low-cost investment options, which are continuously monitored by our in-house Chartered Financial Analysts (CFAs). In addition, HSA is fully integrated into Associated Bank Online and Mobile Banking and offers two-way sweeps, allowing you to easily transfer funds between your investments and cash account.

Why should I invest?

Investing now means lower taxes and less stress in the future. Because the money you put into an HSA goes in tax-free, it grows and comes out tax-free to pay for eligible medical costs. And by starting today, you give your HSA plenty of time to grow to cover future healthcare expenses.

Setting up an investment account (Cont.)

STEP 3: Click on **Setup Investment Transfers**.

STEP 4: Set your investment threshold amount at or above \$1,000 and click the box to define the investment sweep. Click **Save** to continue.

STEP 5: Click on **Manage Investments** to go to the investment platform.

STEP 6: Answer the pop-up screen security question. There are three security questions which rotate on every login. You may have to disable pop-up blockers if you do not see this screen immediately.

STEP 7: The investment portal opens in a separate window.
